Hi Sue & the LGB Board,

I have suggested this before the Tasmanian Government need to restructure the 29 * Tasmanian Councils & reduce them to 3 * New Tasmanian Councils because there is only about 520,000 people living in Tasmanian, Economy of Scale.

Your Stage 2 option 3 will produce efficiencies of Tasmanian Councils (A 'hybrid model' combining both targeted sharing of services and targeted boundary consolidation. This would involve some boundary changes (though less than under the second pathway), and some service consolidation, where there are clear benefits.)
