To whom it concerns,

I don't agree to Kentish Shire amalgamating with Devonport council  
I feel that the Kentish area will not be serviced well by Devonport. The rates in Kentish will be increased for no extra services provided. The tip in Sheffield is at the moment free for Kentish residents

This will cease to be the case under Devonport council. We in Kentish area will lose too much under Devonport council.

Regards
