[Redacted]

To Whom it may concern,

We are writing a submission based on a notice to Northern Midlands Residents.

It invited us to make a submission as we live in Breadalbane.

We oppose the Amalgamation of the Northern Midland's Council for this reason:

Our rates have increased to \$6000 a year, yet the budget is used for towns far away.

We oppose any rate increases and the unwise use of future Council rates we pay.

If the Northern Midlands Council won't exist, capital works won't benefit Breadalbane.

Kind Regards,
