*"As a 3rd generation Islander, I disagree with the amalgamation of our council.  
I believe our voice would be minimised in a bigger council and our Council has provided a sound  
and workable model to the Furneaux Islands since inception. Amalgamating could see the loss of  
staff which has a flow on effect to our school, hospital and local businesses.  
I feel the lack of meaningful consultation with the Furneaux Island Community by the Local  
Government Review Board was contemptable in the manor of which the community was given  
short notice to attend the information session."*
