

Hindlers Council.

4 June 2023

- Future of local government -

I believe Hindlers Council should retain its own identity and should not be consumed into larger Council areas where nothing will ever get done.

Our own Council & councillors do a great job & if "it's not broken don't fix it" Bass Strait divides us from all other Council areas, therefore we will be put on the "back burner" & forgotten about.

We need our own local representation, local workforce & local services who know the area & know our needs.

We work Together. The one rule for all of Tasmania cannot apply, when Bass Strait divides us from the rest of Tasmania, our needs are different:

We must retain our own identity (especially as Whittemark is now a suburb of Launceston) local representation, employment opportunities & services specifically tailored to our own unique island communities.

Thankyou
